

employment history

Senior Agent, Design Team, 1&1 Internet Chesterbrook, PA
October 2013 - Current

At 1&1, I create site designs for small to medium businesses, using an internal CMS as well as additional HTML, CSS and Javascript/jQuery. I also generate quarterly audits for clients to advise them on UX, as well as content and SEO best practices; provide general technical support for the product; and review recent site adjustments from the team prior to client approval.

Site Set-Up/Design Team, 1&1 Internet Berwyn and Chesterbrook, PA
September 2012 - October 2013

Designed client-specified sites within MyWebsite framework and CSS. Built custom vector logos for clients. Revised logos and customized site designs based on client input.

Welcome/Activation Team Member, 1&1 Internet Berwyn, PA
March 2012 - September 2012

Acted as point of contact for new clients; was the troubleshooter for initial client experience.

Web Designer & Web Developer, Professional Touch Fitness Philadelphia, PA
August 2011 - Current

Designed and hand-coded a full promotional website (sgtnate.com) using Photoshop & Dreamweaver, as well as HTML/CSS, Javascript, and PHP, as well as made monthly updates to site content and design according to client requests.

other experience

Assistant Teacher, Nobel Learning Communities Malvern, PA
July 2008 - May 2009

Led students in reading, math, and other activities set by lead teacher; developed and led activities in art; supervised classroom transitions.
